Subject: DO NOT STOP UBER

I am a student at the university of South Carolina. I am from out of state and I do not have a car here. Without uber I would not be able to get to and from certain places around the city successfully. Uber is an organization that has also helped my friends and who have gone out and not had a ride home. Ceasing this service in this state would be a great inconvenience to many people. Consider the fact that Columbia is a growing city and has to continue fitting the needs of all of the people have moved here.

Thank you for your time,
Lacey Brown

Subject: We like Uber in Charleston, SC

Hi,

I just wanted to take a moment to contact you regarding Uber in South Carolina. I live in Charleston, SC. From my experience and observations, there is no public transportation system to use at night. The CARTA buses that we have do not run at night, nor do they deliver you to your doorstep, specifically to the many sub-cities that we have here. In addition, there are truly not enough taxis interested in taking residents to said 'sub-cities' in Charleston... (unless for an excessive price...) For example, I once paid \$75 to get from Calhoun Street, in Downtown Charleston to my previous home in the Park West community in Mount Pleasant approximately a 15 mile distance from downtown.

My experience with Uber in Charleston and Mount Pleasant has been that it is a great, reliable, safe, convenient, affordable, useful, entrepreneurial, community-based solution for our issue.

I hope that you reconsider what Uber is solving for the community, specifically: 'getting people home safe at night'

Sincerely,

Brooke Casey
Isle of Palms, SC

Subject: Let uber operate in SC

I have recently taken two rides with Uber in SC. Both of them were in better cars, less expensive and with nicer drivers than any taxi I have ever taken.

Wake up to the way of the future.
